

Content Change Brief

10x Student Masterclass — Landing Page Update

Reference file	masterclass_landing_v5.html
Prepared by	Ankur Dahiya
For	Adhya
Date	18 June 2026
Scope	Content updates only — HTML structure, CSS, and design unchanged

NOTE

Design, CSS, and HTML structure are unchanged. Do not modify any class names or element structure unless this brief explicitly calls it out as a STRUCTURE CHANGE.

Apply Section 1 (Global Changes) first before making section-specific updates.

Cells marked "NO CHANGE" require no action.

1. Global Changes — Apply These First

Make the following find-and-replace changes across the entire file before doing anything else.

Change	Find (in file)	Action / Replace with
Board name	CISCE	ICSE
Date in body copy	June 20 / Saturday	REMOVE from all body copy. Date appears ONLY in the booking card (.hero-card). See Section 14.
Time in body copy	11:00 AM / 11am IST	REMOVE from all body copy. Time appears ONLY in the booking card.
Removed technique	"Ask me questions first" — any reference to this technique	REMOVE entirely. Delete from agenda, body copy, and FAQ.

2. Meta Tags (in <head>)

Element	Current (v5)	Updated
<title>	Free Live AI Masterclass — The 10x Student Class 8–12 Humain Learning	Free AI Masterclass for Students The 10x Student Class 8–12 Humain Learning
meta description	Join India's free live AI masterclass for Class 8–12 students. Build 3 AI tools in 60 minutes — a smart timetable, photo-to-notes machine, and 24/7 doubt solver. CBSE, ICSE, NEP 2020 aligned.	India's free live AI masterclass for Class 8–12. Your child learns the guided techniques that turn ordinary AI use into 10x study results. CBSE, ICSE, NEP 2020 aligned. Book your child's free slot.

Element	Current (v5)	Updated
meta keywords	Contains "build 3 AI tools", "CISCE"	Replace "build 3 AI tools for students" → "10x student AI techniques for parents". Replace all CISCE → ICSE.
og:title	Free Live AI Masterclass — The 10x Student Class 8–12	Free AI Masterclass for Students The 10x Student Class 8–12
og:description	Build 3 AI tools in 60 minutes. Smart timetable, photo-to-notes machine, 24/7 doubt solver.	Your child learns the guided AI techniques that turn ordinary study sessions into 10x results. Free for Class 8–12 across India.
Event schema description	Build your AI study system — 3 tools — in one live session...	Your child learns the guided AI techniques that turn ordinary AI use into 10x study results. Interactive live session for Class 8–12 across India.
FAQ schema — Q3 question	What will my child build?	What will my child actually do in the session?
FAQ schema — Q3 answer	Three real AI tools in 60 minutes: (1) a personalised smart timetable...	It's a live, interactive workshop — not a lecture. Your child will submit their own AI prompts in real time, watch how professional techniques transform the results, discover the methods top students use, and compete in a friendly live challenge.

3. Navigation

Element	Current (v5)	Updated
Nav link text	What You'll Learn	What They'll Learn
CTA button	Book Your Free Slot	<i>NO CHANGE</i>

4. Hero Section

Element	Current (v5)	Updated
Live pill text	Free Live Masterclass · June 20, 2026 · Limited Seats	Free Live Masterclass · Upcoming Session · Limited Seats
H1 — line 1	Become a [10x Student accent]	Your Child Is Already Using AI.
H1 — line 2	with AI in 40 Minutes	Is It Working For Them or Against Them?
H1 accent span (.accent)	Wraps "10x Student" on line 1	Move to wrap "For Them" on line 2. See structure note below.
hero-body (subheadline)	Build your AI study system — 3 tools that actually help you study smarter: a smart timetable, a photo-to-notes machine, and a 24/7 doubt solver.	Most students use ChatGPT or Gemini without guidance — like learning to swim without a coach. They struggle, waste time, and get average results. In this live session, your child will learn the techniques that actually make AI a study superpower.
hero-detail line	For students of Class 8–12 · No experience needed · Just your phone	For Class 8–12 students · All boards · Just a smartphone
hero-free-note	Free · Originally ₹299 (struck) · Pan-India	<i>NO CHANGE</i>
CTA button	Book Your Free Slot	Book Your Child's Free Slot

STRUCTURE CHANGE

H1 markup after change:

<h1>Your Child Is Already Using AI.
Is It Working For Them or Against Them?</h1>
The .accent span (terracotta highlight box) moves from "10x Student" to "For Them".

5. Booking Card (.hero-card)

NOTE

NO CHANGES. Date, time, countdown timer, price strip, WhatsApp CTA, and seats note all remain as-is. This is the only place date and time appear on the page.

6. Trust Bar

Element	Current (v5)	Updated
Trust item text	CBSE · CISCE Aligned	CBSE · ICSE Aligned
All other items	—	NO CHANGE

7. Problem Section (Arjun vs Riya)

Element	Current (v5)	Updated
Overline	The Problem	NO CHANGE
H2	Same school. Same syllabus...	NO CHANGE
Subheadline	It's not intelligence. It's not money...	NO CHANGE
Arjun card	All content	NO CHANGE
Riya card	All content	NO CHANGE
truth-box text	The difference isn't talent. It's not extra tuition. It's one skill — using AI as a study multiplier. And it takes 60 minutes to start learning. That's exactly what this masterclass is for.	The difference isn't talent or tuition fees. It's guidance. Every student is already using AI. But most are swimming without a coach — developing bad habits, getting inconsistent results, wasting hours. A guided approach changes everything. That's what this session is.

NOTE

The truth-box has two separate paragraphs with a line break between them. Use two <p> tags or a
 depending on the current markup.

8. Tools / Outcomes Section (STRUCTURE CHANGE)

STRUCTURE CHANGE

This section has both structural and content changes. Make structural changes first.

1. REMOVE the `<span class="tool-seq">` element (Tool 01 / Tool 02 / Tool 03) from all 3 cards.
2. ADD a new label element at the top of each card (before the icon):
`<div class="tool-label">After this session, your child will —</div>`
3. The `.tool-icon-box` (SVG icon) remains in each card — no change.
4. Update `.tool-name` and `.tool-desc` as per the tables below.
5. Add `.tool-label` CSS — see note at end of this section.

8a. Section header

Element	Current (v5)	Updated
Overline (overline-sage)	Your AI Study System	The 10x Secret
H2 line 1	3 tools. Built by you.	What your child discovers in the session.
H2 line 2	Used every single day.	And uses for the rest of school.
Subheadline	You don't watch a demo. You build. Every student leaves with a personal AI study system they can use from tonight.	We don't reveal everything here — part of the magic is the live reveal. What we can promise: every child who attends walks away with techniques they can use the same evening. On any subject. On any AI tool they already have.

8b. Card 1 (was: Smart Timetable Generator)

Element	Current (v5)	Updated
tool-seq span	Tool 01	REMOVE ENTIRELY
tool-label (NEW)	—	Add: After this session, your child will —
tool-name	Smart Timetable Generator	Spend a fraction of the time on notes and revision
tool-desc	A personalised study plan built around your exam dates, your weak subjects, and your life — sports practice included.	What takes most students 3–4 hours takes a 10x student 20 minutes. The method is simple, works on any phone, and starts working the first time they try it.
SVG icon	Calendar icon	NO CHANGE

8c. Card 2 (was: Photo-to-Notes Machine)

Element	Current (v5)	Updated
tool-seq span	Tool 02	REMOVE ENTIRELY
tool-label (NEW)	—	Add: After this session, your child will —
tool-name	Photo-to-Notes Machine	Never be stuck on a doubt again — at 11pm or 6am
tool-desc	Snap any textbook page — get crisp 5-line notes, key terms, and a memory	A 24/7 personal coach in their pocket — one that guides them to find the answer themselves, building understanding rather than bypassing it.

Element	Current (v5)	Updated
	trick for the hardest concept in 90 seconds.	
SVG icon	Phone/camera icon	<i>NO CHANGE</i>

8d. Card 3 (was: 24/7 Doubt Solver)

Element	Current (v5)	Updated
tool-seq span	Tool 03	REMOVE ENTIRELY
tool-label (NEW)	—	Add: After this session, your child will —
tool-name	24/7 Doubt Solver	Get dramatically better results from whatever AI they already use
tool-desc	A personal tutor that coaches you to find the answer yourself — available at 11 pm the night before any exam.	The secret isn't a new tool — it's the technique. One framework that makes any AI interaction more accurate, more useful, and more aligned with what your child actually needs.
SVG icon	Chat icon	<i>NO CHANGE</i>

8e. Stats row

Element	Current (v5)	Updated
Stat 1 — number	3	2,400+
Stat 1 — label	AI tools in your study system — built by you, today	Students trained by Humain Learning across India
Stat 2 — number	80%	<i>NO CHANGE</i>
Stat 2 — label	Of study time typically wasted on re-reading (memory science)	<i>NO CHANGE</i>
Stat 3 — number	95%	<i>NO CHANGE</i>
Stat 3 — label	Of students have never used AI to study properly	Of students use AI without guidance — this session changes that

NOTE

Add this CSS rule for `.tool-label` (add near `.tool-seq` in the stylesheet):

```
.tool-label { font-family: var(--font-body); font-size: 0.72rem; font-weight: 500; letter-spacing: 0.3px; color: var(--terra-dark); margin-bottom: 8px; }
```

Alternatively reuse the existing `.parent-label` class — it has identical styling.

9. Agenda Section

Element	Current (v5)	Updated
Overline	Full Agenda	<i>NO CHANGE</i>
H2	Everything covered in the session	Every minute earns its place.

Element	Current (v5)	Updated
Subheadline	No theory. No slide-reading. Every minute is hands-on.	Interactive. Hands-on. Your child won't sit and watch — they'll participate from minute one.

STRUCTURE CHANGE

The agenda list changes from 8 items to 7 items.

REMOVE all existing <div class="agenda-item"> elements from the agenda-grid.

Replace with the 7 new items in the table below.

Each item uses the same .agenda-item / .agenda-check / .agenda-text markup as before.

The tag wraps the bold title part; plain text follows after the em-dash.

#	Bold title (in)	Body text (after em-dash)
1	The guided vs. unguided student	Why some students get 10x results from the same AI tools — using a swimming analogy your child will never forget
2	Showcase: What 10x students have already done	Real student work, real results. The 'aha moment' that shifts how your child sees what's possible.
3	Live Padlet Challenge	Students submit their own prompts for a real scenario. Best prompt wins. All prompts improved live, on screen.
4	The Framework Reveal	One technique that transforms any AI prompt from average to exceptional. Every subject. Every tool. Demonstrated live.
5	The 10x Study System — revealed live	The secret methods demonstrated in action. Your child leaves knowing exactly what to use that evening.
6	Prompt Premier League (live game)	Friendly competition, best prompt wins, announced live.
7	Responsible AI habits	How using AI well builds stronger thinking and better learning outcomes.

10. Who It's For

Element	Current (v5)	Updated
Section overline	Who It's For	<i>NO CHANGE</i>
H2	Built for every Class 8–12 student in India	Built for every Class 8–12 family in India
Card 1 — heading	Never used AI before?	My child has never used AI before.
Card 1 — body	Perfect. By minute 15, you'll have successfully built something with AI, on your own. No setup, no experience needed — just a phone.	Perfect starting point. The session is designed for complete beginners — by the end, your child will have successfully used AI for a real study task, on their own phone, with zero setup.
Card 2 — heading	Already use ChatGPT?	My child already uses ChatGPT or Gemini.
Card 2 — body	We guarantee at least two techniques you've never seen. The TAP formula alone changes how you get results from any AI tool.	They're using a powerful tool without the right technique. This session gives them the framework that makes every AI interaction measurably better. Parents of regular AI users consistently say this is the biggest shift.

Element	Current (v5)	Updated
Card 3 — heading	CBSE / CISCE / State Board?	CBSE / ICSE / State Board?
Card 3 — body	...CISCE...	All boards, all subjects. The methods work for Maths, Science, SST, English — built around NCERT and board exam patterns. AI is already in CBSE and ICSE curricula. Your child can get ahead now.
Card 4 — heading	Parents attending?	Can I attend with my child?
Card 4 — body	You're welcome and encouraged. We run a free parent orientation call...	Absolutely — and we encourage it. We run a free parent orientation segment within the session. See exactly what your child is learning and why it's safe, structured, and school-aligned.

11. Parents Section

Element	Current (v5)	Updated
Section overline	For Parents	<i>NO CHANGE</i>
H2	This is the opposite of cheating	AI as a thinking coach — not a shortcut
Subheadline	The method we teach makes your child think more, not less. Here's why parents consistently recommend it.	The method we teach makes your child think more deeply, not less. Here's why parents consistently recommend it.
Card 1 — label	Safety	<i>NO CHANGE</i>
Card 1 — heading	Safe & Responsible	<i>NO CHANGE</i>
Card 1 — body	We teach verification, ethics, and smart-use habits — never blind copying. Our signature "don't give me the answer" technique turns AI into a Socratic coach. Students think more, not less.	We teach verification, critical thinking, and structured AI use — never blind copying. Our signature technique turns AI into a Socratic guide that asks questions instead of handing over answers. Your child develops sharper thinking, not dependence.
Card 2	Board & NEP Aligned — full card	<i>NO CHANGE</i>
Card 3	You Stay Involved — full card	<i>NO CHANGE</i>

12. CTA Band

Element	Current (v5)	Updated
H2	Your child's AI study system starts here. Tonight.	Your child's 10x study system starts here.
Body text	Free live session · 60 minutes · Class 8–12 · All boards · Just a phone	Free live session · Class 8–12 · All boards · Just a phone
CTA button	Book Your Free Slot	Book Your Child's Free Slot
cta-note	No credit card · No form · Just WhatsApp us	<i>NO CHANGE</i>

13. FAQ Section

NOTE

Only 3 FAQ items change content. Apply the global ICSE fix to any FAQ answer that mentions CISCE.

Element	Current (v5)	Updated
FAQ 1	Is this masterclass really free?	NO CHANGE — question and answer unchanged
FAQ 2 — question	Which classes is this for?	NO CHANGE
FAQ 2 — answer	CISCE mentioned in answer	Replace CISCE → ICSE in the answer text
FAQ 3 — question	What will my child build?	What will my child actually do in the session?
FAQ 3 — answer	Three real AI tools in 60 minutes: (1) a personalised smart timetable, (2) a photo-to-notes machine that converts any textbook page into crisp notes with memory tricks, and (3) a 24/7 doubt solver...	It's a live, interactive workshop — not a lecture. Your child will submit their own AI prompts in real time, watch how professional techniques transform the results, discover the methods top students use, and compete in a friendly live challenge. They leave with techniques and a study system ready to use the same evening.
FAQ 4 — question	Is AI safe for school students?	Is this responsible use of AI? Won't it make my child dependent on it?
FAQ 4 — answer	Yes. We teach students to use AI responsibly — to verify outputs, not blindly copy, and to use AI as a thinking coach. Our signature technique turns AI into a Socratic tutor that never gives the answer directly. CBSE and NEP 2020 aligned.	The method we teach builds thinking, not dependence. The core technique turns AI into a Socratic guide — one that asks your child questions rather than handing over answers. Students who go through this session consistently show stronger reasoning and better output than those using AI without guidance. We also teach verification habits so your child always checks AI output against their own knowledge.
FAQ 5	What does my child need to join?	NO CHANGE — answer unchanged
FAQ 6	What if my child misses the live session?	NO CHANGE — but remove any hardcoded date from the answer
FAQ 7	What happens after the free masterclass?	NO CHANGE

14. Final CTA Section & Footer

Element	Current (v5)	Updated
Overline	Ready to begin	NO CHANGE
H2 line 1	Stop studying harder.	NO CHANGE
H2 em line	Start studying smarter.	NO CHANGE
Body paragraph	Join thousands of Class 8–12 students building their AI study system — and making AI work for them, not against them. Free. Live. One session.	Give your child the guided AI techniques that thousands of Class 8–12 students across India are already using. Free. Live. One session.
CTA button	Book Your Free Slot	Book Your Child's Free Slot

Element	Current (v5)	Updated
Footer copyright	...CISCE...	Replace CISCE → ICSE if present

15. Dynamic Date / Time — Final Check

NOTE

After applying all changes, do a final scan of the file for any remaining date or time references in static body copy.

Date and time should appear ONLY inside .hero-card (the booking card):

- .detail-val for the Date and Time rows
- The JS countdown: new Date("2026-06-20T11:00:00+05:30")
- The WhatsApp URL text parameter (?text=...June%2020)

Everything else — hero pill, body copy, stats, agenda, CTA band, FAQ answers — must be date/time-free.

This allows the page to be reused for future masterclass sessions by updating only the booking card values.
